lated movements elsewhere, as, for instance, in Pennsylvania, which announced some new financing by the sale
of \$6,000,000 of 4 per cent, equipment
certificates, running from one to ten
years. Norfolk and Western, which is
under Pennsylvania control, also betame moderately active at a rubstanstial advance, presumably in response
to its excellent April carnings. The
closing was notable for another spurt
in the metal stocks and more miscellaneous issues, while the coalers reflected
sub-surface selling. Crop news was
plentiful and mostly favorable.

11244 New York, June 6.—The upward movement in stocks was continued today. Dealings in the early part of the session were uncommonly large and diversified, although much of the activity was in the industrial division, to the comparative neglect of the railway issues. Another advance in the price of copper here and abroad served to stimulate the metal stocks, Amalgamated rising to 88, its highest price in over two years, with a general hardening of allied shares

United States Steel was pushed forward on extensive operations to its best price in over a fornight, and American Smelting was semingly in the comparative near the comparative many of the comparative neighbor of the comparative neighbor of the railway issues.
